# Thematic Network Project Aligning a European Higher Education Structure In Sport Science

## AEHESIS Database and Mapping

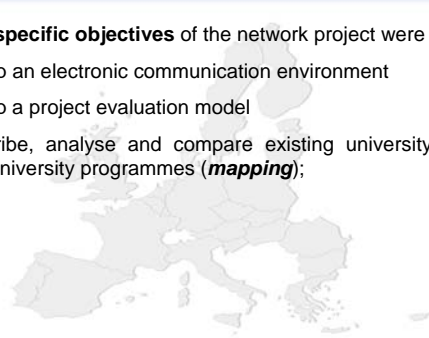

Third Annual Conference 2006  
Prague / Czech Republic

**AEHESIS** **Introduction**

Some **specific objectives** of the network project were to:

- Set up an electronic communication environment
- Set up a project evaluation model
- Describe, analyse and compare existing university and non-university programmes (**mapping**);

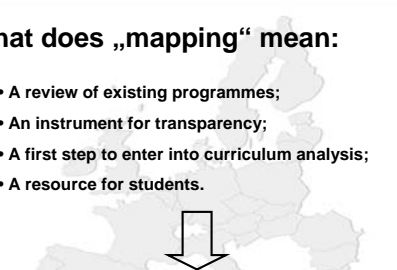

AEHESIS 2006

**AEHESIS** **Mapping**

What does „mapping“ mean:

- A review of existing programmes;
- An instrument for transparency;
- A first step to enter into curriculum analysis;
- A resource for students.

Maps are frameworks to describe the existing information!
